

TumbleBooks

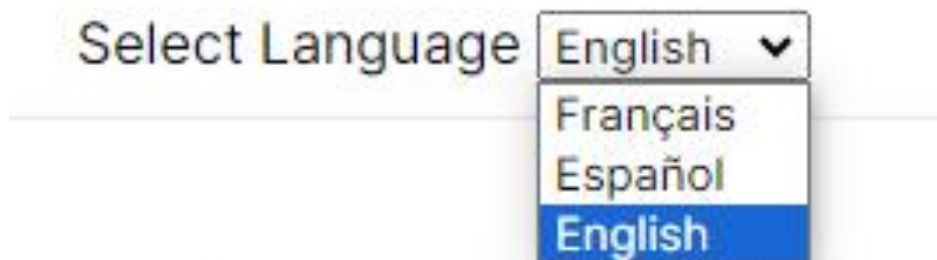

Homework Help

SUMMARY

TumbleBooks are animated, talking picture books that help kids learn to read in a great new format. TumbleBooks take an existing picture book and add animation, sound, music, and narration to create an electronic picture book you can read or have read to you.

ACCESS

Go to the Salt Lake County Library's Homework Help databases at scolibrary.org/learn/homework-help. From the list of available databases, select TumbleBook Library. From there, you are able to access and search for books right away! You also have the option to change the language in the top right hand corner of the page.

SEARCHING

Click on the box titled TumbleSearch in the top right hand corner.

From there, you will see a page where you can search for books by title, author, Lexile range, keywords, and many more options.

READING

When you find a book you want to read, click on it. You will have the option to read it online or save it to your favorites.

How to Be Human: A Bear's Guide

Once there was a bear who lived in a forest and did all the regular bear things. But as his home and the world around him change—fewer fish, fewer trees, and less quiet—he notices how tricky his life is becoming to maintain. The sensible thing to do is adapt, so the bear enlists the help of a little girl and asks her to teach him how to be human.
