

Imagine Your Story

QUESTS AND ADVENTURES | Robin Hood

Design a Coat of Arms

A shield with symbols that represents a family, person, or group. Design your own coat of arms.

Discovery Walk

Robin Hood knew about the trees in the forest. Take a walk around your neighborhood park or nature area. See how many different trees you can identify.

Tree identification: <https://www.uen.org/lessonplan/view/25104>

STEM Activity

Build a tower using plastic cups. Test out your mini bow and arrow.

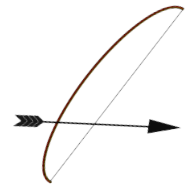

Can you get a bullseye and knock down the cups?

Make Your Own Bow and Arrow

Make a mini bow and arrow (adult supervision).

You will need:

- Popsicle stick
- dental floss
- a q-tip
- knife (only use with adult permission)

Cut small grooves in the stick. Let soak in water for 1 hour. Remove from the water. Tie the floss around the notch and gently bend the stick. Tie floss to the other end of the stick. Make sure the string is taught. Cut one end off q-tip. Use the q-tip as an arrow. Be safe.
