## INSTALL

Find the free RBdigital (Recorded Books Digital) app in your app store and install it on your device.

## LOGIN

Click on the app icon to open it. Sign up for an RBdigital account by clicking on: “New to RBdigital? Register now.” Follow the steps to select the county, state, and library (Salt Lake County Library). Click on the “Create Account” button. Complete the registration form. After reading and agreeing to the policies, click on the “Register” button.

## BROWSE & SEARCH

To begin browsing click on the “Menu” icon ☰ at the top left of the app. Select “Entertainment.” You can then choose the eVideo channel you are interested in.

## BORROW & LISTEN

Once you have selected an eVideo channel, a detail page will open with more information. Click the red “Checkout” button to begin watching the streaming video content. Clicking on “Checkout” will give you seven days of free, unlimited viewing on that channel.

The channel will open in a new browser window. You may be asked to create a password for the channel or service. The username is the email address you created with your RBdigital account. AcornTV and Stingray Qello have apps that can be installed and accessed on your mobile device or streaming device (Roku, AppleTV, Chromecast, FireTV, etc.) for easier viewing. If you are asked to pay for a subscription to continue watching, it’s time to go back to RBdigital to restart your seven days of free access.
